

## Plastic Duckbill Flat Air Nozzles

Plastic Duckbill Flat Air Nozzles have the following features:

- Thread size available : 1/4' ' , 3/8' ' , 1/2' ' , 3/4' '
- Using Plastic Duckbill Flat Air Nozzles can help reduce operating costs and noise, improve worker safety and provide more precise, repeatable drying and blow-off.
- Plastic Duckbill Flat Air Nozzles use reinforced PP material which is corrosion and wearing resistance.
- Max pressure for Plastic Duckbill Flat Air Nozzles is 7 bar
- Max operating temperature is 82°C
- General Application :

Applications where impact or a continuous stream of air is needed

Air recycling with existing compressed air lines

Drying

Cooling

Blow-off and moving materials
